Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.322 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by the U.S. Patent and Trademark Office.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

Title Page, Item (56), Reference Cited section under "Other Publications", please add "Translation of Notice of Reasons for Rejection dated 1/21/2008 for Japanese Patent Application No. 2005-140319." The Information Disclosure Statement containing this Non-Patent Literature document was filed by the Applicant on April 18, 2008, but the Examiner failed to initial or cross-out the document during his/her review on June 1, 2008. The Applicant assumes that the Examiner did this unintentionally and therefore

requests that the document be included with the rest of the citations on the face of the patent.

***Remarks***

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
